BATTLE LINES ARE DRAWN ON NEWLY-UNVEILED G.O.P. PLAN TO SLASH LEADER'S BUDGET

By LEONARD A. UNGER

Harrisburg (P)—Gov. Leader today attacked Republican budget slashing proposals as "irresponsible action" and "pennywise and people foolish."

Commenting on GOP plans to slice 94½ million from his general funds budget, the governor declared:

"This is the most shocking example I have ever seen of being pennywise and people foolish."

"To slash 94½ millions more above the 175 millions he says he cut before submitting the budget can only mean reckless surgery has been performed on the bone, muscle and sinew of needed services."

But Chairman Norman Wood (R-Lancaster) of the House Appropriations Committee, defended the reduction as the only alternative to 100 million dollars in new taxes.

In his statement the governor said the Republicans found it easier to cut back on "programs to help the people" rather than "face the tax problems of this Commonwealth honestly."

U. S. Lukewarm to French Appeal for Canal Negotiations

By WILLIAM N. OATIS

United Nations, N. Y. (P)—Faced with lukewarm support from the United States and flat opposition from Russia, France's appeal for new Suez Canal negotiations appeared today to have little chance of success.

French Foreign Minister Christian Pineau went to Washington for a talk with Secretary of State Dulles before the U. N. Security Council's second meeting this afternoon on the French request. But there was no indication the United States would go all out behind the French.

Pineau told the Council yesterday France wants negotiations reopened "as soon as possible" to arrange a permanent settlement with Egypt in accord with the six principles approved by the Council last fall.

Pineau described the present operation of the canal under an Egyptian declaration issued last month as "ambiguous" and "temporary."

The French got quick support from Britain's Sir Pierson Dixon, who said the Egyptian declaration needed clarification. He added that Egypt had by no means complied with the Security Council's requirements.

Corydon Man Urges Speedy Decision on Allegheny Reservoir

Washington (P)—Sen. Clark (D-Pa) Monday urged a speedy decision by Congress on whether a one million dollar appropriation will be given this year to begin construction of the proposed Kinzua, Pa., dam on the upper Allegheny river.

Clark renewed his plea before a Senate appropriations subcommittee that the 125-million dollar flood control dam, first proposed a score of years ago, be built and the sooner the better.

The Pennsylvania, who previously had testified before a similar House committee, put in the record a letter from a resident of the area which would be flooded by the reservoir to be created by the dam.

The letter, from E. L. Van Sick, (Turn to Page Twelve)

Board Accepts Resignation of General Secretary of Y.M.C.A.

At a busy session of the board held last evening in the YMCA the resignation of Dan K. Walton as general secretary to be effective in August, was accepted with regrets. It was stated that Mr. Walton is planning to retire from "Y" work.

During the meeting Alan H. Templeton was reelected president of the association, and the following were named to serve with him in the coming year:

Roy L. Blodgett, first vice president; James W. Potter, second vice president; Myron E. Jewell, treasurer. Karl G. Timm was elected recording secretary to succeed Richard Betts.

Another important item of business was the approval, following a lengthy discussion of details, of the lease with the Borough Recreation Board for use

Spirit of St. Louis II Blazing Lindy's Route

McGuire Air Force Base, N. J. (P)—The "Spirit of St. Louis II" took off this morning in an Air Force bid to set a transatlantic record over the air route blazed by Charles A. Lindbergh exactly 30 years ago.

The jet-age version of Lindy's famous craft is an F100F Super Sabre Jet capable of an official top speed of 822.135 m. p. h. in level flight. It is being piloted by Maj. Robinson Risner a 32-year-old Korean War ace, of Tulsa, Okla.

Risner who said he was "very enthused" over his trip, left this center of Military Air Transport Service operations at 6:37 a. m.

Dam vs. Diversion Canal for River Is Debated Over Air

Pittsburgh (P)—An Army engineer says a dam is the best way to control flood waters on the upper Allegheny River. Another engineer says high water should be channeled through a diversion canal and emptied into Lake Erie.

These different points of view were debated last night by Col. Harold E. Sprague, head of the Pittsburgh Army Engineers office, and Dr. Arthur E. Morgan, former chairman of the Tennessee Valley Authority.

In a forum broadcast by radio Station KDKA, Sprague said construction of the proposed 125-million-dollar Kinzua Dam near Warren, Pa., would be the "best and most economical means" of utilizing the waters of the Allegheny River.

Morgan recommended the diversion canal and quoted a 1928 Army Engineers report as saying "diversion of flood water can be accomplished" on the Allegheny.

Sprague claimed that Morgan quoted only a portion of the report. He said the report concluded that a diversion canal is "not economically justified."

Sprague said a damaging flood at Warren last year was partly due to the backwater effect of the Allegheny River against the current of Conewago Creek. He said Kinzua dam would reduce that pressure.

Two Couples Change Mates and Vanish From Public Scene

Reno (P)—Two couples, who changed their affections during two years of suburban activities such as Parent-Teacher Assn. meetings, swapped mates yesterday and fled from the public.

Both couples, residents of a San Francisco suburb, were divorced by the same Reno judge on the customary Nevada grounds: "extreme cruelty."

After Judge Grant Bowen had pronounced their marriage finished, Mrs. Betty Jean Schwartz, 33, and Martin Brooks, 35, slipped off to Carson City, and were married by Justice of the Peace Dan Murphy.

Mrs. Betty Brooks, 35, and Dr. Frank E. Schwartz, 38, led cameramen on a chase through Reno and then doubled back and were married here by Justice of the Peace William Beemer.

Then they disappeared and their mutual lawyer, Eli Livierato, refused even to hint at where they might be.

Entrapped Miner Found Dead of Suffocation

Lykens, (P)—Some 82 hours of digging, praying and hoping ended late last night when haggard rescue workers found the body of Davis Snyder, 34-year-old coal miner who was buried last Friday 400 feet below the surface in a central Pennsylvania coal mine.

The body of the father of three children was discovered by one of eight teams of five men each that had worked since the victim was trapped by a coal slide early Friday. Snyder was working the mine with his brother, LeRoy, and Mark Spontic, 65. The three owned the diggings together.

Dr. Samuel E. Herrold of Lykens, a deputy coroner, and one of the five rescuers who came upon the body, said death was caused by suffocation.

IKE TALKS ON FOREIGN AID THIS EVENING

Washington, (P)—President Eisenhower appeals to the nation tonight for grass roots support of the \$3,880,000,000 foreign aid program he is sending Congress at noon.

But in advance of the President's scheduled television-radio speech at 8:30 p. m. EDT, one of his backers in Congress said Eisenhower's requests for new assistance money can be cut sharply "without hurting the program any."

Sen. Aiken (R-Vt) said that as a member of the Senate Foreign Relations committee he has been informed many commitments remain unfulfilled of those made by the International Cooperation Administration out of funds already voted by Congress.

"This money can be drawn on and Congress can cut the appropriations sharply without hurting the program any," he said.

This would not necessarily represent a reduction in actual foreign aid spending. The rate of such spending is determined by the President, who will have both funds previously made available but not actually spent, and new money voted by Congress for the fiscal year beginning July 1.

Eisenhower held his regular (Turn to Page Twelve)

Ping Pong Table Almost Costs Life of Youngster

Pittsburgh (P)—Ping pong may be on 5-year-old Danny Lucerne's mind today, but the chances are he doesn't want to play the game. A ping pong table almost cost him his life.

Danny and his chum, 6-year-old Mark Reed, were playing ping pong in the Reed home yesterday when the collapsible table suddenly folded.

The two sections were then in a vertical rather than a horizontal position. Danny began swinging on the two sections as a gymnast would on parallel bars. Mark was about to try the same stunt when the table suddenly shifted back to the horizontal position.

The two sections squeezed together, catching Danny by the neck. Mark was pinned at the abdomen. Mark's 4-year-old brother called his mother, Mrs. Mary Grace Reed. She was unable to release the youngsters until neighbors rushed in to help.

The youngsters were treated for bruises at a hospital then released.

Motor Club Plans Picnic at Midway For Safety Patrols

The board of governors of the County Motor Club, at the May meeting last evening at the Blue and White Restaurant, among other things decided that it will sponsor a picnic at Midway park again this year for members of School Safety Patrols in Warren borough and county. It will be remembered that last June eight buses transported the youngsters and their chaperones to the park. The date and other details will be announced later. The committee will be composed of George Seavy, Don Schuler, Homer Bowersox and Bill Walker.

Disappointment was expressed over the lack of interest shown by Driver Trainer students in Warren borough on the occasion of the Safety meeting held last Wednesday at Beatty School.

It was reported that the membership as of May first was 3349 as compared to 3141 the same period a year ago.

Chairman Gerould Ostergard reported on the work of the nomination committee stating that a 30 per cent response was received from members in the voting.

TWISTER CUTS A WIDE PATH OF DEATH AND DESTRUCTION IN KANSAS AND MISSOURI

Kansas City (P)—The season's worst tornado smashed across the south edge of Kansas City at dusk last night, dealing death and destruction along an 80-mile swath in nearby Kansas and Missouri. Rescue workers counted 34 dead.

At least 200 persons were in hospitals, some seriously injured. Twenty-two were killed at Silvertown, Kan., on May 13 in the worst previous twister this year. On May 25, 1955, a tornado wiped out little Udall, Kan., 175 miles southwest of Kansas City killing 80.

Yesterday's big wind concentrated its worst destruction on Ruskin Heights and Hickman Mills, about 12 miles south of downtown Kansas City and four miles east of the Kansas-Missouri line.

Gov. James T. Blair of Missouri ordered martial law there and mobilized the 110th Engineers of the Missouri National Guard for rescue and relief work.

A force of more than 2,000 moved in by daylight to search for more bodies and bring together scattered families.

Most of the casualties were in Ruskin Heights and Hickman Mills. There also were dead at Ottawa and Spring Hill in Kansas and at Martin City and Lees Summit in Missouri. The Red Cross estimated 975 families affected at Ruskin Heights, with 11 dead.

The tornado's path missed Harry Truman's hometown, Independence, Mo., by about 15 miles. It is east of downtown Kansas City. The tornado was one of at least 10 that lashed eastern Kansas and northwestern Missouri last night and yesterday. One woman was killed in a twister that hit near Ottawa, Kan., 60 miles southwest of Kansas City. Many other areas were in the path of the tornadoic winds as the storm roared out of Kansas and pounded the southern edge of the Kansas City area.

Severe thunderstorms and tornadoic winds swept across part of Oklahoma, southeast Kansas and southwest Missouri during the night. The most severe area of stormy weather was along and 60 miles either side of a line from 40 miles northwest of Hobart, Okla., to Springfield, Mo.

Heavy rain fell throughout the storm battered areas. Flood dangers in some areas increased. Thunderstorms rumbled across the upper and middle Mississippi Valley. Fairly heavy rainfall was reported in sections of Iowa and Nebraska.

Light Vote Is Reported In All Districts

One of the lightest votes on record appeared developing in Warren Borough and Warren County today as cold, damp weather held primary voting to a minimum.

As anticipated, lack of contests and issues roused little pre-election interest. In Warren Borough's nine voting places, only 359 persons had balloted by noon. This meant a virtual crush at the polls if the record ballot of 6,074 in last fall's presidential election was to be approached, which it won't be.

As expected the Republicans were leading four and five to one in the balloting. There were no Democratic primary contests in the borough.

Only county-wide contests for Republican nomination were between Republicans Myer Kornreich and Samuel Bonavita for District Attorney's office, where Kornreich is the incumbent, and the coroner's office, for which incumbent Ed C. Lowrey is challenged by Edward M. MacKendrick.

Young Nephew of Area Couple Cited as Hero After Rescue Of His Five-Year-Old Playmate

The quick, heroic action of a cool-headed Cheektowaga, N. Y., fourth grader saved a kindergarten boy from possible drowning earlier this month when he pulled the child from a swimming pool.

Nine-year-old George (Butch) Amos, son of Mr. and Mrs. William Amos, 64 Mapleview Avenue, Cheektowaga and nephew of Mr. and Mrs. Leonard Zobrest, Warren-Kunua road, rescued Michael Pucci, 5, son of Mr. and Mrs. Ralph Pucci, also of Cheektowaga. Mrs. Amos bundled the water-logged boy in blankets and his parents came for him. Mrs. Pucci gave Butch a dollar (which he reluctantly accepted) and he is having fun with the tommygun he bought. Mrs. Pucci notified Cub leaders of Pack 625 at St. Aloysius Church, of which Butch is a member and hoped they would recognize his heroism.

The incident began about 4:30 p. m. May 8th when the Pucci boy was playing with a pal, Michael Steffan, 7, who lives next door. The boys spotted a ball floating in a pool at 60 Mapleview Avenue.

They decided to get the ball from the water and Mike climbed a 6-foot-high wooden fence to reach the pool. He walked to the deep end (about 6 feet) and while reaching for the ball he slipped in. Mike grabbed the edge of the pool or he would have been in water over his head. He can't swim.

The Steffan boy saw what happened and yelled to the Amos youngster who was playing nearby. The Steffan boy then ran to get Mrs. Amos while Butch scaled the fence and asked the scared boy if he could hold on a little longer. Little Pucci screamed no and Butch reached down and nearly

GLOBAL MISSILE—The Northrop Snark SM-62, America's first intercontinental guided missile, takes off from its mobile launcher with a powerful assist from its two rocket boosters. The 69-foot Snark, powered by a Pratt and Whitney J-57 turbojet engine, is scheduled for duty with the Strategic Air Command. Coupled with its intercontinental range and accuracy is its ability to carry a nuclear warhead at high sub-sonic speeds and high altitudes.

CARE FOR KIDS—Loretta Lee, child actress who appeared on Broadway in the "King and I" and "Teahouse of the August Moon," visits CARE headquarters in New York to try her hand with a Chinese writing brush and copy book from the agency's newest package. Contents of the kit, brushes, pencils, copy books, etc., are spread out in front of Loretta. If you wish to help these youngsters, who go to school all year long in two six-month semesters, send your dollars, clearly marked "for Hong Kong."

MICE, MICE EVERYWHERE—The teacher of a Cincinnati, O., fourth grade must have been overwhelmed when the children showed up dressed as "Jaq," the mischievous mouse from the Walt Disney movie, "Cinderella." The costumes are made from new dry cleaning bags which will be distributed world-wide to cleaners using a special process. Their inventor, Don Poynter, has previously come up with such items as bourbon toothpaste and do-it-yourself window kits.

Here and There

It was thirty years ago that Col. Charles Lindbergh completed his historic flight from New York to Paris, and what a memorable day it was, especially for press association and newspaper workers, including the three daily publications that were being printed in Warren at that time.

Older residents will recall that it was in 1927 that there were three daily papers in Warren—the Morning Mirror and Evening Times, published by the Times Publishing Co., and the Evening Tribune, printed by The Tribune Publishing Company in Pennsylvania avenue west, just below the former site of the Carver Hotel.

First intimation that Lindbergh was contemplating an attempt to be the first aviator to solo across the Atlantic appeared in press dispatches on May 19th it was printed in connection with stories about a number of flyers who were poised to make a flight, including Lloyd Bertaud and Clarence Chamberlain, the late Commander Richard E. Byrd and Lindbergh. An Associated Press dispatch from New York on the afternoon of May 19, 1927, contained this information about "The Lone Eagle": "Adverse weather conditions delayed the Bellanca flight, stormy areas between New York and New Foundland coast held to earth Commander Richard E. Byrd's giant Fokker monoplane, 'America', and Captain Charles 'Lucky' Lindbergh's Ryan monoplane 'The Spirit of St. Louis'." The last paragraph of the story said "Lindbergh had lunch at Oyster Bay with Col. Theodore Roosevelt who gave him a letter to deliver to Ambassador Herrick, in Paris."

The headline across page one on the afternoon of May 20, 1927, contained this information "Lone Slim Lindbergh Is On His Way to Paris." Other decks on the head said "Reported Over Nova Scotia and Flying on Scheduled Time."

Another story on the same page conveyed the information that "The Trip from the Coast Put Lindbergh in the Limelight," which was over a New York dispatch which said "Two records made by Captain Charles Lindbergh, incidental to his attempt to fly from New York to Paris for the Raymond Orteig prize of \$25,000 centered attention on this young birdman. His flying time from San Diego, Calif., to Roosevelt Field, Long Island, was approximately 21 hours and 20 minutes, the quickest ever made from coast to coast. And he was the first pilot to make such a long hop as that from San Diego to St. Louis, about 1,600 miles, alone."

The following day, editorial staffs of afternoon papers in Warren, in common with others throughout the nation and the world were standing by for the flash that would mark the conclusion of the epic flight. The Evening Times with its Associated Press service, then as now, published an extra edition about 5:30 on that day, which carried the news that Captain Lindbergh arrived safely at Le Bourget Field, completing the first non-stop flight from New York to Paris. We recall the minutes of anxious waiting while teletype machine banged out the news that The Lone Eagle was circling the field. According to the dispatch "The Spirit of St. Louis" came down on the field at Paris at 10:21, (Paris Time) 5:21 Atlantic Daylight time, arriving about two and one-half hours ahead of his schedule. A box in the story in The Times extra had this to say about the interest aroused in the flight in Warren: "The number of telephone calls received at the Times office today was indicative of the interest Warren people are showing in the New York-Paris flight of 'Lone Slim' Lindbergh—114 calls were received in five hours' time!" That was the day before TV and at a time when the radio was just beginning to come into its own, with few set owners in a community like Warren.

Washington Letter

BY PETER EDSON, NEA Washington Correspondent

WASHINGTON—(NEA)—That letter President Eisenhower got from W. H. Doerflinger of Detroit, head of General Motors steering gear division, is worth a second look.

"I will no longer support you, nor will I support the Republican party," Doerflinger wrote Ike. The reasons given were: "Your (Ike's) unsound monetary policies . . . your New Deal-inspired international WPA . . . your amazing repudiation of your campaign-stated beliefs in sound, businesslike government and your present disturbing swing to concepts of the far left."

Many people seem to be saying or thinking similar thoughts these days. But as a check go back and look at the record of what Ike actually said during the 1956 presidential campaign.

YOU WILL READ page after page of campaign speeches and find no mention of ending the foreign aid program, cutting down on government expenses or reducing taxes. It isn't there.

Instead, you will find things like these:

Just before the GOP nominating convention in San Francisco, the President pleaded with Congress repeatedly not to cut foreign aid funds. He said he would campaign on that issue.

In his first TV campaign speech, Ike put forth a new plan for worldwide reconstruction, to be paid for out of the savings from disarmament. Its monuments, said Ike, would be "roads and schools, hospitals and homes, food and health."

In short, here was a real global WPA.

In his San Francisco nomination acceptance speech, President Eisenhower harped on the theme that the GOP was "the party of the future—not of yesterday."

NO BACKWARD look here, to restore the good old days.

On the so-called New Deal reforms, Eisenhower declared: "There are still enough injustices to be erased . . . needless sufferings to be cured, to provide careers for all the young crusaders we can produce or find."

The President said he would push specific programs "to eliminate all kinds of discrimination against older people, substandard living conditions, low-income farmers and laborers, women, and economic underdevelopment in some areas."

Formally launching his campaign at his Gettysburg farm Sept. 12, the President declared the Republican party demanded that the rights of every individual be assured so that he would not fall into the depths of poverty and misery.

In a Lexington, Ky., speech Oct. 1, the President said he would continue to insist on a federal aid for education program, with matching aid given on the basis of state need.

On Oct. 9 in Pittsburgh, the President denied that the GOP was the party of big business. For proof he pointed to record anti-trust law enforcement and creation of the Small Business Administration.

IN HIS ELECTION eve speech from the White House the President said that "Government must have a heart as well as a head and lead in social security, health and education programs."

And in his first statement after election he said, "I think that Modern Republicanism has now proved itself and that America has approved of Modern Republicanism."

Now the moral of this record is plain. President Eisenhower's views haven't changed a bit. Since his second inauguration, he has been doing just what he promised before election.

Diocesan Convention One of Closing Events of Women's Auxiliary Season

The recent Diocesan Women's Auxiliary convention held at Trinity Memorial church found over 100 delegate and guests enjoying Warren hospitality.

Convention highlights included a splendid talk by Miss Nellie McKim, missionary from Japan, sent by the National Episcopal church. Miss McKim devoted many years to teaching kindergarten children, coping with difficulties arising from the number of pupils desiring education and travel conditions in the mission field.

A second outstanding speaker, Mrs. A. C. Zabriski of Washington, D. C., was also heard. Wife of the late Dean Zabriski of the Virginia Theological Seminary, she has three sons in the Episcopal ministry: one serving in Alaska; one in a New York City parish and a third working with youth pro-

grams in New York National Council.

Four new officers were elected to a rotating executive board with Mrs. Leslie Brindle, New Castle, as recording secretary; Mrs. Wendell Wright, Erie, treasurer; Mrs. Randall C. Giddings, Franklin, social relations chairman and Mrs. Howard Wright, Smethport, supply chairman.

Mrs. Richard Hansen, Warren, serves one more year as Diocesan president and will represent the Diocesan Women's Auxiliary at the Provincial Conference in June at Hood College, Baltimore, Md.

Delegates to the Provisional Synod, scheduled for October 15-17 in Washington, D. C., are: Mrs. Richard Hansen, Warren; Mrs. B. W. Capron, Grove City and Mrs. Clark Wolskiel, Franklin.

Trinity Women were hostesses for several delicious meals, with members of the Rockwell Bible Class greeting out of town guests at an informal evening reception in the parish house. Tables for the affair were beautifully decorated by Mrs. George Parfitt and Mrs. Francis Ritchie.

Invitations for the final get-together of Trinity Women are still in the mail and a dinner meeting is planned. Mrs. Marie Hamilton is chairman for the affair, to be held Thursday evening at 6:30 at Trinity church.

Mrs. Astrid Cowden, president, urges the entire membership to turn out for the delightful affair and announces Mrs. Louise Luce will conduct a Chinese-Auction to lend a festive note to the evening.

FREEHOLD PTA

Election and installation of officers is a feature of Freehold Township PTA meeting at 8:15 p. m. Wednesday, the date moved up one week because of Memorial Day. A general discussion will be held covering topics of interest to those present. An auction sale of articles brought by members and friends will also be held, including fancy work, produce, canned or baked goods and novelties, the articles to be unwrapped. This will be the final session for the school term.

Don't Skimp on Soft Soap When It Comes to Husband

QUESTION for the ladies:

That soft soap you use to make your dealings with others easy and pleasant—are you using enough of it on your own husband?

The question is prompted by all the letters that come to this column from women who can't seem to get along with their husbands.

It's surprising how many of these women seem to have a "I'm sick and tired of putting up with this or that" chip on their shoulders.

When they list all the things they have done to try to change a situation or to turn a disagreeable husband into a pleasant companion, they never mention trying soft soap in any form.

They seem to feel they are above using on their husbands the soft soap they don't in the least mind handing out to others.

If a working wife is willing to soft soap her boss, why should she object to using the same brand of soft soap on her husband in order to keep him feeling important and pleased with himself?

If a housewife is willing to soft soap everyone from her butcher to the members of her favorite woman's club in order to get tender steaks or a club office, why isn't she willing to cater to her husband's need for feeling important?

DON'T BE STINGY

If a woman instinctively knows how to make a dinner partner throw out his chest and start telling her his accomplishments, why doesn't she use the same technique on the man she has chosen for a lifetime partner?

If a woman defers to a man's judgment, laughs appreciatively at his attempts at humor, admires his accomplishments, listens with complete attention to every word he speaks, she can get him into such a pleasant frame of mind that she can put across a few of her own ideas—without his noticing.

This being so, why should any wife be stingy with the soft soap when she is dealing with a husband?

Type of Garment Is Important

The foundation underneath a wedding gown has a great deal to do with the way the dress itself looks. This bride (left) wears a long line strapless bra that fits snugly through the bodice and down over the hips for a smooth line. It's exactly right for her wedding dress (center) by Friscilla of Boston.

BY ALICIA HART, NEA Beauty Editor

IT'S never wise to buy a foundation garment without being properly fitted for it. And since every bride-to-be puts a great deal of loving care into the selection of her wedding dress, it is more important than ever that she give careful consideration to the fit and type of foundation she chooses to wear with it.

The two should be perfectly coordinated, for it's the foundation beneath that accounts for the perfection of the gown's fit.

If the wedding dress is a sheath, an all-in-one corselet is the right foundation. But if a tight-bodied gown with a bou-

fant skirt is to be worn, a bra-lette, that indispensable aid to the minimum waistline, is definitely needed.

The neckline should be watched, too. For not even the laziest of underpinnings should be showing.

The nicest thing about a well-fitting foundation is that it can be worn under summer daytime and evening dresses, as part of the trousseau on the wedding trip and for continuing wear long after the big day.

The bride who will be wearing a bra-lette is fortunate, for it comes not only in traditional

white, but in all the pastels in which a wedding dress might be chosen. And its styling varies to suit different figures.

For the honeymoon, of course, other under-fashion garments will be needed. Here are a few hints on what to take along:

A high-rise girdle should be worn with slim sheaths; a waist-high girdle for shortwaisted dresses, and a pantie girdle for sports clothes. Except for wear under a sheath wedding gown, a corselet is optional, depending on whether all-over control is necessary.

Four or five brassieres of vary-

ing fabrics and styling to suit both the figure and the wardrobe should be provided.

It is wise to make sure that one of the brassieres chosen is backless, for a low-back dress is almost certain to be part of the going-away wardrobe. This may be strapless, or have straps that fit wide at the shoulders and attach to a narrow elastic band around the waist. Choose black or white, according to the lights and darks in your wardrobe.

Try to color-match slips, bras and foundations. Since every bride is entitled to splurge on her trousseau, have the prettiest lingerie possible.

ing will be Thursday evening, June 20, at the home of Mrs. Nelson Home in Tidoute, with Mrs. Clara Huling and Mrs. Bertha Munksgard assisting.

An interesting program was presented by Mrs. Mildred Vancander, commemorating Mother's and Armed Forces Days. During the social hour lunch was served

by the hostess, Mrs. Geressa Mills, assisted by Mrs. Inez Nelson and Mrs. Evelyn Williams. Table and surrounding room were decorated with lovely lilac bouquets.

Talent Recognition Show Continues Through Wednesday at Woman's Club

The 10th annual Talent Recognition Art Show continues to draw newcomers and old friends to the Woman's Club auditorium, where the work of local amateur artists will be on view, free of charge, through Wednesday evening of this week.

The name of Mrs. Raymond Lowe was inadvertently omitted from the list of prize winners. Her entry, a colorful hand molded plate, won the second award for ceramics.

Those who have attended the Talent Recognition shows in the past comment on the improvement in hanging and in viewing the paintings since there has been a limit of only two entries to each contestant. Framing, especially of the oils, shows a marked improvement in taste and originality. It is interesting also to note that the work of several of the contestants who have consistently entered their work each year shows a steady improvement.

The show has a local flavor in that many of the scenes depict familiar views ranging from unmistakable Allegheny River views and Warren street scenes to vistas of our own countryside. It is always a pleasure to see in a painting a face or a scene which the viewer recognizes.

In this show such pictures vary from Mrs. Gerald Newton's portrait, "Larry", to Hazel Gordon's "Peaceful Valley", the Conewango, from local farm scenes to old sugar houses, from an abstract in oil by Dorothy Benner to designs in water color.

And subjects range from flower studies to pets, from tropical scenes to Never-Never Land, from still life to the animated Indian scene by Leonard Lee. In the ceramics the pieces vary from hand molded teapots to planters, ash trays, and even to buttons.

Entries came from various parts of Warren county, as well as from the borough itself, a healthy augury for future shows.

Each adult visitor is urged to cast his vote for the entry he considers best of the show, the winner of this popular choice to be announced later. Both students and adults are urged to take advantage of the opportunity of viewing the exhibit today and Wednesday.

The Mature Parent

Unrealistic Praise Gets Your Child Nowhere at All

BY MRS. MURIEL LAWRENCE

FRED'S parents had read that children need self-confidence. So they wanted to give it to him along with summer camps, vitamins and other advantages of modern childhood.

They began to tell him that everything he did was "wonderful." If he failed in reading, his father rushed to his teacher to protest his unusual intelligence. If he brought home a fairly made wallet from craft class, it was remarkable, too. If he did a careless job of raking leaves, nobody dared to suggest it was less than wonderful.

Unfortunately this treatment didn't produce self-confidence in Fred. In fact, it turned out to be quite as destructive as though everything he did had been called "terrible."

TRAINED to expect only wonders from himself, Fred grew up in terror of disappointing other people. In high school, a teacher's criticism could make him boil with rage. He had to avoid joining any athletic teams to avoid the awful possibility that he might let his teammates down.

Unable to respect any small achievement he could make, he was at the same time suspicious of being able to produce the wonderful kind. Finally, he chose the only alternative his training had left to him—he just stopped trying to achieve anything.

He is now undergoing psychoanalysis to try to discover the source of his failure.

Contrary to widely held belief, we do not develop a child's self-confidence by telling him that everything he does is wonderful and perfect.

SUCH praise is unrealistic. All it does is to infect the child with such grandiose ambition for more wonderful achievements that he cannot accept his un-wonderful ones as good.

His self-confidence doesn't grow out of such cruel praise masquerading as "encouragement." It grows from our respect for what he does as worthy, but still un-wonderful, still capable of development.

We all know many people whose promise as productive persons has not been fulfilled. What we don't always know is that their powers have been blocked by their contempt for ordinary, un-wonderful achievement—the kind with which even the greatest among us must begin.

Board Members Renamed at Annual Meeting of Children's Aid Society of Warren County

Mrs. Donald E. Conway was presiding officer for one of the most important annual meetings in the 68-year history of the Children's Aid Society of Warren County. The session was held in the Warren Service Center, with 380 of the 1,089 membership voting in favor of re-incorporating in order to expand the agency's service.
The new corporation, which will be known as the Family Service and Children's Aid Society of Warren County, will have as its purposes the following:
(a) To offer child placement and supervision service for children, dependent, neglected, or otherwise in need of some provision which their immediate families are not able to furnish, having regard for the preservation of the child's own home and his kinship ties, whenever possible, and for the utilization of the most satisfying means and methods to meet the individual child's needs. Placement of children away from their own homes may be for temporary or long-time care or for placement for adoption.
(b) To provide service to unmarried mothers.
(c) To foster the development of healthy family life, particularly by the offering of a casework service.
(d) To stimulate and promote such social thinking and action in the community as will better economic and social conditions for the well-being of the family.
(e) To promote education for social work and participate in the training of social workers.
(f) To engage in the study of factors contributing to family disorganization and to develop skill and knowledge in dealing with personal and family problems.
(g) To promote the welfare of any child or family irrespective of race, color, or religion by offering casework service.
Other business of the meeting included election of board members, with the following renames: Three-year terms, Mrs. P. E. Harrington and Mrs. W. F. Crossett; two-year terms, R. E. Dunham, S. Knox Harper, Mrs. D. W. Morse and W. H. Muir.
At the monthly meeting immediately following the annual session, the board of directors chose the following officers to serve 1957-58:
President, Mrs. Conway; first vice president, Mrs. Harrington; second vice president, Mrs. D. E. McComas; secretary, Mrs. R. O. Wilder; treasurer, W. M. Hill; assistant treasurer, R. E. Dunham; legal advisor, S. Knox Harper.
The board expresses its thanks to members of the Society for their active interest, as evidenced by their response to the recent letter, which requested their support for the important change under consideration.

YM Executive Board Approves Plans To Remodel 'The Spot'

Huzzahs and general excitement prevailed today wherever young people gathered around Beaty Jr. High School and Warren High. The chief topic of discussion was the news that the Y.M.C.A. executive board had given final approval to go ahead with the remodeling plans for "The Spot".
Last night at a special meeting the Y.M.C.A. executive board approved a lease presented by members of the Warren Recreation Board and Adult Steering Committee of the Spot.
The lease, in essence, is the same as the one discussed at the last council meeting; in other words, it will cost the Borough \$1.00 per year to rent the "Spot" from the "Y". This dollar will give our young people between the ages of 14 and 20 a beautiful, clean, well-lighted, modern place to enjoy themselves in town.
The fund raising campaign which had been tentatively scheduled for a kick-off May 15 will definitely get under way tomorrow May 22.
Help to give the young people of Warren an "in-town" "Spot" they will be proud of... match the boro dollar with one of your own.

GEORGE WOLLASTON, son of Mr. and Mrs. George Wollaston, 14 North Maron street, will receive the degree of bachelor of science in education at the 90th convocation of Clarion State Teachers' College May 27. A 1953 graduate of Warren High, George has prepared in the fields of chemistry, general science, and social studies. In addition to his academic work, he has been active in varsity baseball; is a member of Sigma Tau Gamma social fraternity, and has served it as treasurer this year.

Give Her Gifts of Good Grooming

A beauty shower is something new in shower ideas for brides-to-be. This girl's friends have given her a vanity hamper (left) filled with beauty and grooming aids. Her portable hair dryer will allow her to get pin curls brushed-out fast. Lucite back brush (upper right) does a good job of cleaning up that hard-to-reach spot between the shoulder blades. Squishy bath sponge (center right) works up rich soapy lather for facial. It has strap that fits over the hand. There's a luxury note in plastic pillow filled with sponge-rubber (lower right) that comes in many colors and clings to end of tub by means of suction cups.

If you are planning to give a beauty shower for a close friend, chances are you're losing sleep trying to figure out how you can make it just a little out of the ordinary.
She's probably received enough lingerie and household appliances to last several years, and a stack of linens tall enough to hide behind. Of course these gifts are useful, but if you'd like to do something just a trifle different, why not give your favorite bride a "beauty shower"?
It will be difficult for her to perform her regular beauty routine after she is married, for she'll want to look her best at all times for her new husband.
There are a number of items

that will help her cut down the time she must devote to beauty and enable her to look attractive while she goes through the preliminary steps to glamor. And there's no doubt that any of these products would make a welcome shower gift.
As the shower hostess, you might set the stage by selecting as your gift a combination bathroom vanity table and clothes hamper. Since the hamper opens with a door at the front, it will be an excellent container for the other shower gifts. Attractively trimmed, it will give a festive air to the occasion.
No girl minds running around in pin curls in front of her family. But she'll certainly want to get her hairset over as quickly as possible if her pin-curl audience is her new husband. And for that reason, she'll greet with joy a portable hair dryer. Many of the new home dryers cut short the entire process to just about 30 minutes.
There are a host of aids for home shampoos that would make useful gifts—eye goggles with clear plastic lenses and terry-cloth rims, plastic shampoo capes that can double for make-up jobs, and even a shampoo tray.
The working bride will love to relax in a warm, sudsy bath if the tub is outfitted with a sectional bath tray which will hold

her manicuring set, face creams, and even magazines. Most of these trays come with a large detachable mirror.
Another excellent gift could be a plastic strip of roomy pouches, shaped like an elongated shoe bag, filled with gay-colored rubber sponges, a rubber backwisher, etc. This is a handy gadget to hang near the shower nozzle.
There are any number of delightful beauty aids, both pretty and utilitarian, which can be obtained for a "beauty shower." And there isn't a bride-to-be who won't be charmed and pleased with the thought you have given to make her shower an unusual one.

New Homes Change Cleaning Routine

BY KAY SHERWOOD
NEA Staff Writer

If you're moving into a modern home, you can anticipate some changes in your housekeeping routines. Changes in architecture bring about changes in cleaning methods and timing.
Where streamlined interiors have eliminated the fancy dust-catching moldings, baseboards and exposed radiators, you'll be able to eliminate the time you used to spend on this chore. On the other hand, extensive use of glass window walls and hard-surfaced flooring in new homes suggests that you'll spend that time on floors and windows.

A FRIEND of mine who is an excellent housekeeper moved to a new home recently. I asked her how she rated the ease and speed of housekeeping in her old versus her new home.
She finds the new home much easier, but with the flood of light through the window wall picking out every speck of dust, she says she must clean more often. A daily vacuuming of tile floor and scatter rugs is now on her routine, plus more frequent window washing.
But the cleaning goes faster and the results look better than when she spent the same amount of time picking up, dusting and sweeping her old home.
APPLIANCES and materials that help the housekeeper are of as much importance in a new home as in an old. One new appliance attachment brings new versatility to the vacuum cleaner. This is a power unit which can be fitted into different bases and snapped on the hose of the cleaner.
Suction from the cleaner provides the power for doing such

Weighted base with power unit snaps onto vacuum cleaner wand to polish hard-surfaced flooring. Compact carion stows it away.

jobs as buffing, sanding and perhaps most important—scrubbing, waxing and polishing floors. The floor unit is weighted. Interchangeable brushes and buffers hook into position on the wand of the cleaner.
Because this unit is packed in a compact, easily stored carry-carton, a homemaker could vacuum the rugs and polish the hard-surfaced floors without wheeling out a separate appliance.
Attached to the tank-type cleaner are the usual heads for cleaning upholstery, blinds, drapes and so on.
This vacuum cleaner, along

with some of the other new models, has a suction control so that suction can be regulated to suit the surface.
WINDOW WALLS, where the glass extends from the floor to the eave line, would appear to pose a large-scale washing problem. But I'm told they're not so bad. The upper areas don't soil rapidly and the principal problem across lower areas is fingerprints and streaks.
New chemical glass-cleaning compounds are packaged in aerosol containers. They work fast and with a minimum of fuss on widows of any size.

Mature Beauty Has Its Own Charm

BY ALICIA HART
NEA Beauty Editor

THE older woman who takes on kitchiness airs is robbing herself of her rightful beauty.
Each age has its own beauty and the beauty of the middle years is often more striking than that of the early 20's. But it can be undermined by an obvious desire to appear younger.
Some women express this desire through clothes that are frilly and shoes that are frivolous. They favor sunglasses decorated with daisies, ankle-strap sandals and bouffant skirts.
Other women express the desire to be youthful differently. They dress neatly and becomingly but turn coquettish at the first chance. Either way destroys completely the picture of a time of life that can and should be charming.

the notion, there are other ways to get blood to your head.
Lie across the bed with your head down when you brush your hair. Use an ironing or professional reclining board for half an hour each day.
If you use an ironing board, prop it securely against a heavy couch or upholstered chair so there's no danger of its slipping. Don't prop yourself with pillows when you go to bed at night. You're just duplicating your upright position of the daytime.
When you set the blood rushing to your head, you'll find that several things will happen. You'll feel better, for one thing. For another, both hair and skin will improve.
You needn't conduct an endurance contest in headstanding, if the headstanding idea appeals to you. A few minutes daily is enough.

IT'S amazing to see the number of well-groomed women who are not at all careful about leg grooming.
They've spent money on sheer stockings and pretty shoes. But peeping through the hosiery is a forest of fuzz. It completely ruins the effect of both stockings and shoes.
Yet these women have often given careful attention to hair, skin and all details of clothing. The same careful attention should go into using a razor or electric shaver designed for women.
The de-fuzzing should be done once a week and this is a good time, too, to use a pumice stone on rough spots and calluses on the feet.
After the de-fuzzing, use a good body lotion or even your favorite hand lotion to smooth out your legs. Actually, feet and legs need the same steady care that your fingernails and hands rate.

of the Youth Canteen building. The "Y" board is anxious that the best possible use be made of The Spot for the benefit of young people of the city, hence its willingness to lease this large building for the usual \$1 per year.

Two representatives of The Spot were present, Willis Lundahl, of the adult steering committee, and John Stachowiak, director for the Recreation Board, to discuss proposed plans for suggested improvements in the youth center.

In another action, the "Y" board accepted with grateful thanks the gift of several lots of land located near Chautauqua Lake at Pendergast Point, this gift being made by Miss Edith Langdale as a memorial to her brother, George W. Langdale, the use or proceeds of the lots to be used for boys' work in the "Y".

The meeting was chaired by Alan Templeton, president, and the invocation and devotional period was presented by Rev. Vincent Rothwell, pastor of Bethel EUB church.

el, Corydon, Pa., said that "a definite decision is necessary, one way or the other, as to whether the dam will be built or definitely abandoned."

Van Sickle said that since the first legislation authorizing the dam was passed 20 years ago there has been a "blight" on the area to be affected by the impounded water.

He said this was meant that "very little new industry can be started and practically no new permanent residential work has been done."

"Highways have been neglected until they are now almost impassable and no new schools have been built nor civic improvements made."

Van Sickle said the residents of the affected area, including the Seneca Indians whose reservation across the New York State border will be partly inundated by the reservoir, "have a sentimental regard for their present homesites, but take the American attitude that a small minority cannot oppose a measure that will benefit a far larger population down river."

Ike Talks

weekly meeting with Republican leaders in Congress a few hours ahead of the delivery of his message at the Capitol.

Advance expectations had been that he would go over the foreign aid matter with GOP chiefs in some detail, but the Republican lawmakers said afterward there was no budget talk at all. They explained that the subject had been covered in previous bipartisan sessions.

Eisenhower has been talking aid for weeks, with congressmen and others.

He follows through tonight with a public appeal devoted specifically to his foreign aid plans. A week ago he sought similar support for his budget generally.

Tonight's radio-TV broadcast will be carried live on CBS-TV and on the CBS, ABC and Mutual radio networks. ABC-TV will carry the address from film at 10 p. m. E. D. T., and NBC-TV and radio both will carry the speech at 11:15 p. m. EDT.

Sen. Mansfield of Montana, the assistant Democratic leader and a member of the Senate Foreign Relations Committee, said the manner in which Eisenhower presents his program, both to GOP leaders and in his formal message to Congress, may influence its reception.

Light Vote

(From Page One)

Republican Borough Council nominations were also being challenged in four wards. Ralph Anderson opposed incumbent John Newmaker in Ward 1, Karl Tirm opposed incumbent Ted Berdine in Ward 5, Tony Tomassoni opposed incumbent Paul Yagge in Ward 6 and Richard Tucker opposed incumbent Nick Merenick in Ward 9.

A few other positions for supervisors and constables were also being contested in the county.

Voting was expected to pick up a little this afternoon as the day grew lighter, with overcast skies clearing somewhat. Polls remain open until nine p. m.

Ballot by Ward at noon: Ward 1, 36; Ward 2, 26; Ward 3, 46; Ward 4, 43; Ward 5, 79; Ward 6, 49; Ward 7, 24; Ward 8, 31; Ward 9, 25.

Republican primary nomination was already assured Burgess William E. Rice, tax collector Gerould Ostergard and Russell Hanson and W. Scott Calderwood for school board, all of whom were running unopposed.

Army Leaders & Officers Take Control of Haiti

By LARRY ALLEN

Port Au Prince, Haiti, (A.P.)—Brig. Gen. Leon Cantave, solidly backed by his army officers, took over the rule of this turbulent republic in the Caribbean today. He declared he came to steer the nation away from anarchy and economic ruin.

Gen. Cantave announced dissolution of a seven-man Executive Council, which has been attempting to rule until presidential elections could be held June 16. The turnover was accomplished without violence.

The army proclaimed a nightly curfew throughout the nation, imposed censorship on all outgoing press dispatches, and banned all radio broadcasts of a political or subversive nature.

Until a provisional president is chosen, he added, the army will enforce military rule.

Cantave defied an order from the seven-man Executive Council, yesterday ousting him as chief of staff.

Doctor Says Herb Score Is Making Excellent Progress

Cleveland (AP)—Herb Score, Cleveland Indians pitcher who suffered an eye injury when hit by a line drive, today will be permitted to get up and move about his hospital room.

That was the word yesterday from Dr. Charles J. Thomas, Cleveland eye specialist who expressed satisfaction with the progress made by the ace left-hander. Score, 23, was hit in the right eye by a drive off the bat of Gil McDougald, New York Yankee shortstop, in a night game here May 7.

Dr. Thomas said he could not say when Score would be able to leave Lakeside Hospital.

"That still depends on the response to treatment," he said. The doctor said there had been big improvement in the sight of the injured eye during the past week and it is anticipated the repair process will go on for some time yet.

X-rays of the eye have been taken and will be analyzed tomorrow and Score also will undergo several other tests in the next few days, Dr. Thomas said.

Bill became the third lucky angler in the past two years to catch the sturgeon which is worth \$100 when fished from the fee fishing lake run by Donald Keeley. Repiscak landed the fish with a Shakespeare wonder rod on a 3-pound test tapered leader. The sturgeon is 52 inches long and weighs about 60 pounds. Great skill was displayed for 45 minutes until old man "sturge" was landed for the picture. The fish is now free again, tempting others.

Defeat by Senators Reduces Tigers' Fourth Place Margin

The Associated Press
Manager Jack Tighe of the Detroit Tigers was wrestling with a disconcerting thought today. Is righthander Frank Lary simply a late starter or was he a one-year wonder?

In Lary's first full season with the Tigers, in 1955, he was able to win only two of his first six decisions but wound up with a 14-15 record with a fifth place club.

Last year the strapping 5-11 Alabamian won only two of his first seven decisions and as late as July 1 his record was a lackluster 4-10. But he came on strong to win 17 of his last 20 starts, to finish as the American League's biggest winner with a 21-13 record.

When Washington defeated Detroit 2-1 last night, it not only reduced the Tigers' fourth place margin over Boston to a half game but was Lary's fifth defeat against two triumphs—the identical record he had at this date a year ago.

In the only other game played in the American League, Baltimore downed Kansas City 2-0 behind the two-hit pitching of Connie Johnson to climb within percentage points of the sixth place Athletics. Rain postponed the games between Cleveland and the Yankees at

New York and Chicago against the Red Sox at Boston.

In the only game scheduled in the National League, Brooklyn thumped St. Louis 10-4 behind a three-homer barrage by Duke Snider, Sandy Amoros and Carl Furillo.

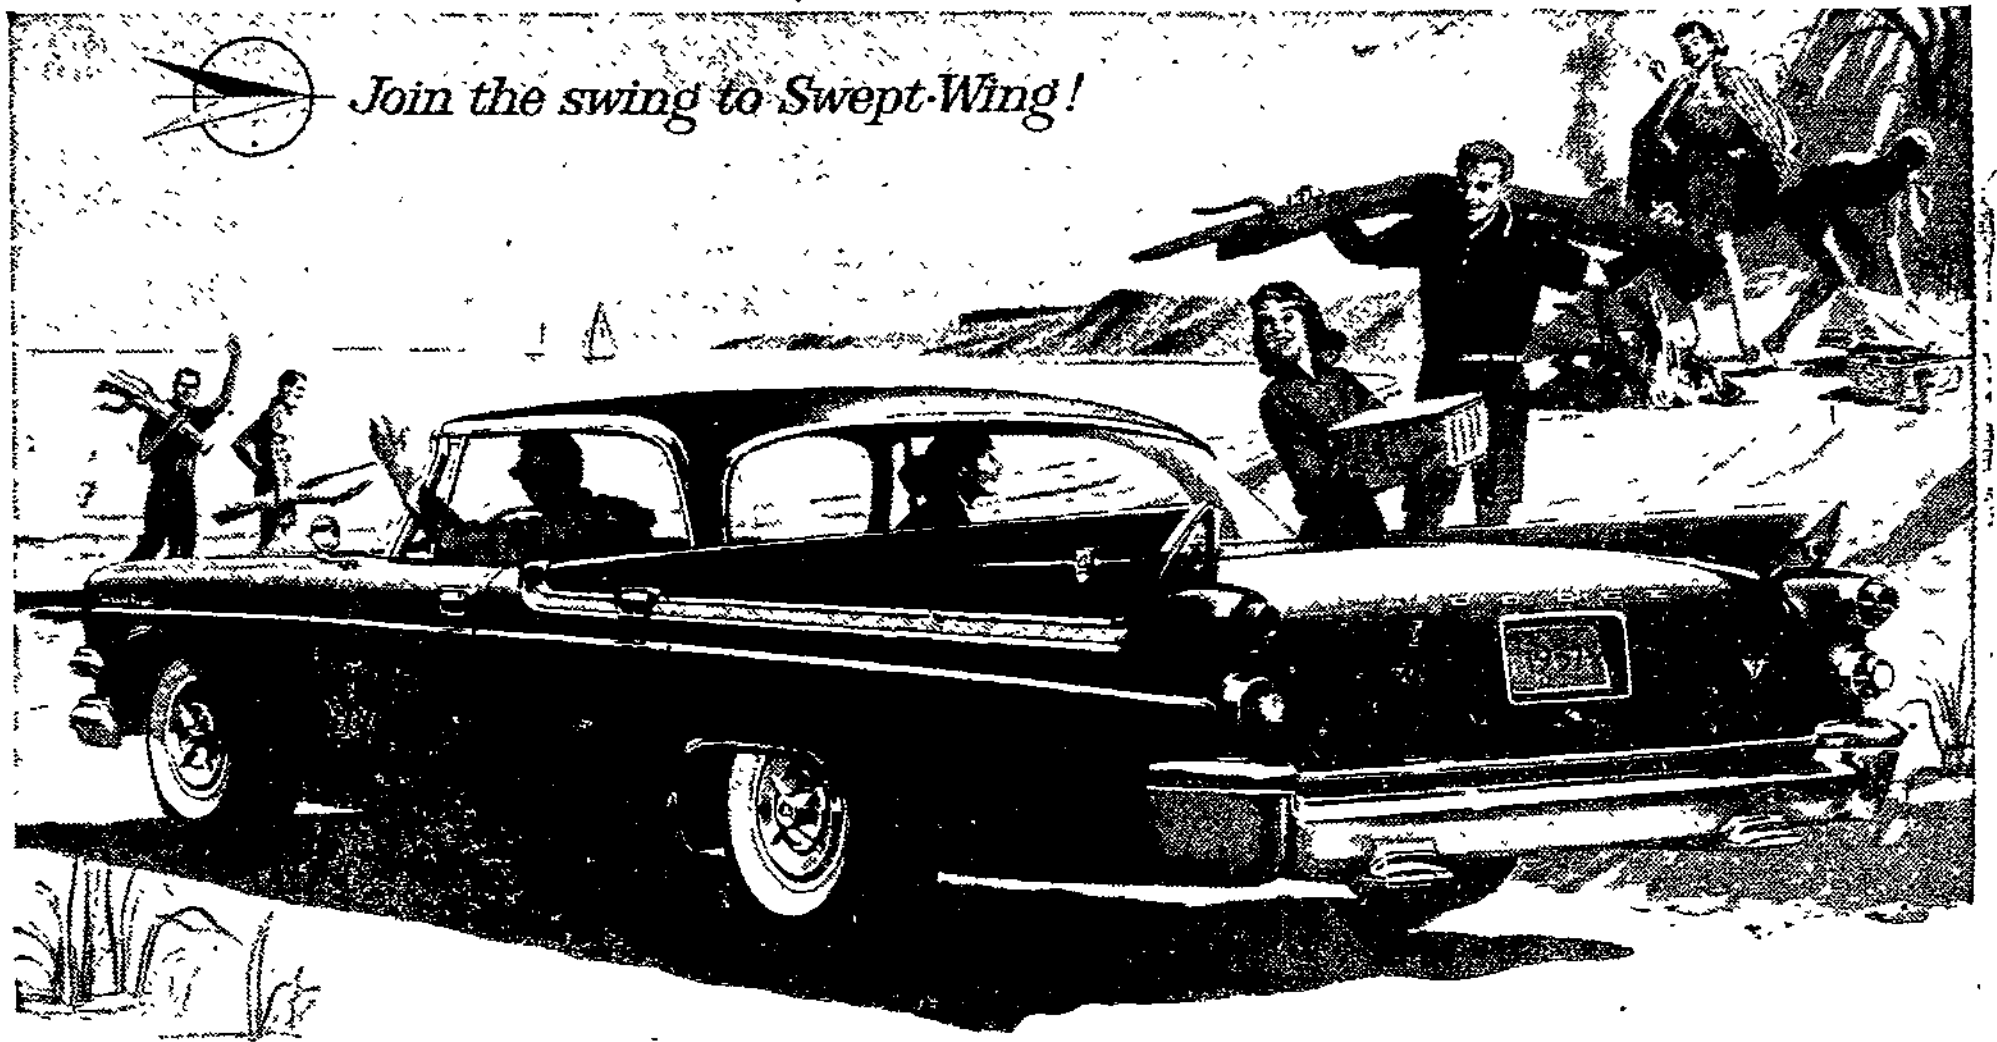

The victory was Brooklyn's fourth in succession and boosted the third place Dodgers to within a half game of Milwaukee, 2½ behind the pace-setting Cincinnati Redlegs.

Ed Fitzgerald's pinch single with the bases loaded and one out in the bottom of the ninth scored Pete Runnels with the run that snapped Washington's five-game losing streak. Pedro Ramos held the Tigers to four hits for his third victory in five decisions.

YESTERDAY'S STARS

Balting—Ed Fitz Gerald, Senators, hit a pinch single with bases loaded and one out in the ninth inning to score Pete Runnels with the run that gave Washington a 2-1 victory over Detroit.

Pitching—Connie Johnson, Orioles, pitched a two-hitter and faced only 29 batters as Baltimore shut out Kansas City 2-0.

McBride Leaps Into Limelight With His Win Over Besmanoff

New York (AP)—The heavy-weight situation is getting more like a comic opera every day. The champion, Floyd Patterson, is chasing the challenger, Tommy (Hurricane) Jackson and now Archie McBride has come out of nowhere to challenge the challenger and Willie Pastrano for good measure.

Archie, a 28-year-old refrigerator machinist when he's not fighting, leaped into the limelight by decisively defeating Germany's Willi Besmanoff at St. Nicholas Arena last night.

McBride, of Trenton, N. J., hadn't won since May 11, 1955 when he outpointed Bob Satterfield. Since then he's had only three fights—with Patterson, Jimmy Slade and unbeaten Alex Miteff of Argentina—and lost them all.

Besmanoff had a winning streak of 13 snapped. The pudgy, 23-year-old German was ranked ninth among the heavyweight contenders.

A 13-5 underdog, McBride earned a 8-1-1 vote from referee Mark Conn. Judge Mike Davidowitch had it 8-2 while Judge Nick Gamboli made it closer, 5-4-1. The AP card had McBride ahead, 8-2-1. Archie's record is only a mediocre 21-12 but he's lost to the best, including two decisions to Jackson, the No. 1 contender.

Novice Golfer Scores Real Birdie in Tucson

Tucson, Ariz. (AP)—A novice golfer, Air Force T. Sgt. Richard M. Clerkin, of Louisville, Ky., scored a real "birdie" on the 18th hole of the Randolph municipal golf course.

Clerkin lined off the 18th tee and killed a woodpecker in a tree alongside the fairway. He said this happened last week, but he kept it a secret because "I was afraid I'd have the game warden after me."

Despite the "birdie," Clerkin finished with a 103.

Grayson's Scoreboard

GREENWOOD LAKE, N.Y.—(NEA)—While his manager, Cus D'Amato, shouts in New York that he'll never again fight for Jim Norris and the International Boxing Club, Floyd Patterson takes a walk down the white macadam road which runs in front of the Long Pond Inn training camp here.

Patterson is away from people and, under the strange circumstances, he is happy about it. For in New York, his manager mentions everything but the name of his next opponent. That has bothered the 22-year-old Patterson since the night of last Nov. 30, when he all but decapitated old Archie Moore to become the youngest heavyweight champion in history.

"I'm the heavyweight champion," says Patterson, "and there haven't been many of them. Jim Braddock drew my attention to the fact that I am the 19th. It's an honor and people expect me to fight. People keep asking me, 'When are you going to fight?' I'm embarrassed, don't know what to say. I first told them that I was going to fight in March, then June. Now it's July. I keep pushing it back. I don't know when it will be."

"FINALLY, I TELL THEM. 'Ask my manager,' Cus keeps telling me I'll fight, says I will defend the title three times this year. That's what I would like to do, starting with those ranked at the top—Tommy Jackson and Eddie Machen. Machen is ranked second, isn't he? The IBC can rank them any way it wants to."

"But right now I'm not fighting and that hurts in a lot of ways—my pride and in the pocketbook. I want to walk down the street with my head up."

The night before, Patterson drove 50 miles from Greenwood Lake to the Elks Club in Queens as a favor to his trainer, Dan Florio, who asked him to attend this father-and-son night. He leaned against a wall watching amateurs whale away at one another. He seemed glad just to see a fight, any kind of a fight.

Yankee Star Has a Date in Office of The "D. A." Today

New York (AP)—Hank Bauer, New York Yankee infielder was summoned to the district attorney's office today as an outgrowth of a brawl at a local night club last week.

Speaking of Sports ...

Congratulations to Richard Finley, a Warren native who lately assumed command as principal at East Forest High School in Marienville. Dick starred on several Warren basketball teams, went on to additional glory as coach at East Forest. He will remain basketball mentor there.

Kiwanians have been advised that Erie Kiwanis Club is planning to stage its 4th Annual International Kiwanis Handicap Golf Tournament on August 8 and the lake shore boys would like to know how many local participants can be counted on. Event is set for Kahkwa Country Club.

Approximately 1175 people have enjoyed the facilities at the Beatty Courts as their Spring form of recreation over the past two weeks. John Leathers, an experienced tennis player, is conducting classes for junior and senior high school students. At the present time there are approximately 109 boys and girls enrolled in these classes. Beatty students are instructed on Mondays, Wednesdays, and Fridays at 3:15 until 5:15 p. m. High school students are instructed Tuesday and Thursday afternoons from 3:15 until 5:15 p. m. Classes are divided so that not more than fifteen people are on the court at any given time. The type of instructions that the students are receiving are grip, positioning, court etiquette, rules and scoring of tennis. Courts are supervised each weekday evening from 6:00 to 10:00 p. m. and weekends from 1:00 to 10:00 p. m. Approved supervisors are Fred Ball, Hal Miller, and Dick Kauffman. Courts will be reserved on the hour for a one hour period. Reservations will be written at the court and may not be made more than one hour in advance. Students of school age may play only until 6:00 p. m. during any school vacation, unless court is vacant and no adults are waiting to play. A complete list of court rules are posted at the courts for all tennis players to observe.

Ross L. Leffler, former U. S. Steel Executive of Pittsburgh, and now, Assistant Secretary, United States Department of Interior, will be honored at a huge testimonial banquet in the Scottish Rite Cathedral, New Castle, Saturday, June 1st, at 7:00 p. m. DST. The tribute to the former state game commissioner for 30 years, 16 of which were as president of the commission, is being sponsored by the Northwest Division of the Pennsylvania Federation of Sportsmen's Clubs. The committee re-

joining in to create what could easily turn out to be the largest affair of its kind ever held in the area. Reservations are pouring in from conservation people, men and women, from in and outside the state. Heading the speaking program will be Dr. Ira N. Gabrielson, President, Wildlife Management Institute, Washington, D. C. and Michael Hudoba, Washington Editor of Sports Afield Magazine, both close friends of Leffler. Other dignitaries from the Nation's Capitol include, Ernest F. Swift, Executive Director, and Charles H. Callison, Conservation Director, of the National Wildlife Federation. Reservations have been made also by top men in practically every national conservation organization and Federal Agency. Many neighboring states will be represented by their conservation officials, and Pennsylvania big wigs in state conservation departments will include Dr. Maurice K. Goddard, Secretary of Forests and Waters. The general public is invited and reservations at \$2.50 a plate must be made by May 28 for certain,

with H. S. Gates, Sharon, Pa., Division Treasurer.

Registrations Being Received for Camp Edey

Mrs. Robert Anstadt, chairman of the Day Camp committee of Warren-Forrest Council of Girl Scouts, has announced many registrations have been received for the four Day Camp sessions to be held the weeks of June 10th, 17th, 24th, and July 1st.

However, there are some registrations which have not yet been received, and it is urged leaders

of troops planning to attend Brownie Day Camp and not yet registered should do so immediately. A special appeal is also being made to the parents of girls in these troops to make sure their girls' registration fees are in the hands of leaders without further delay.

The Day Camp committee has been working conscientiously to provide a well-rounded program of day camping for all girls who attend this summer's sessions, and Brownie Day Camp this year promises to be most interesting and worthwhile for the girls.
